Retirement System Offers ‘NHRS 101’ Sessions

Presentations will provide factual overview of NHRS operations

CONCORD, N.H. – The New Hampshire Retirement System (NHRS, the retirement system) is offering general information sessions in February for lawmakers, municipal and school officials, NHRS members and retirees, the media, and the public.

These sessions – not to be confused with the benefit information sessions regularly offered for members – are intended to serve as “NHRS 101,” providing a broad, factual overview of the retirement system. Among the topics included are plan governance, membership data, investment policy, contribution rates and a look at some of the challenges facing NHRS. The presentation is the same as one that has been given to House and Senate committees in recent weeks.

Sessions have been scheduled for Tuesday, Feb. 1, at 4:30 p.m., and Monday, Feb. 7, at 10 a.m. Both presentations will be at the retirement system’s office at 54 Regional Drive in Concord.

“With NHRS in the news now more than ever, we feel it is important to welcome any and all concerned parties to learn more about the retirement system,” said Interim Executive Director Kim France.

The presentations are expected to last between 60 and 90 minutes. Seating is limited, so pre-registration is required. To register, visit www.nhrs.org and click on the session you wish to attend; sessions are listed under the “Education Sessions” heading on the homepage.

Please note, this is NOT a member benefits education session. For more information on upcoming member education sessions, visit <http://www.nhrs.org/Events/Member.aspx>.

The New Hampshire Retirement System provides retirement, disability, and death benefits to its eligible members and their beneficiaries. The State of New Hampshire and more than 475 local government employers

participate in the retirement system for their employees, teachers, firefighters, and police officers. NHRS has approximately 50,500 active members and 26,000 pension recipients. NHRS administers a defined benefit plan qualified as a tax-exempt entity under section 401(a) and 501(a) of the Internal Revenue Code.
