## **NH Retirement System Rolls Out Web-based Education Sessions**

*New feature makes member education sessions more convenient, accessible*

CONCORD, N.H. – The New Hampshire Retirement System (NHRS, the retirement system) has added a new feature to its website that allows members 24/7 access to presentations regarding the retirement system.

Through the *Online Presentations* section of [www.NHRS.org](http://www.NHRS.org), members who are unable to attend a live education session may now view a narrated PowerPoint presentation online. These presentations allow members the opportunity to learn about various NHRS-related topics at their convenience.

NHRS has posted a *Group I (Employee and Teacher) Summary Presentation* and a *Group II (Police and Fire) Summary Presentation*. Additional presentations on other NHRS-related topics will be added periodically.

This new feature is part of ongoing efforts at NHRS to improve member services and access to information. Other recent improvements to the website include an upgrade of the *My Account* portal, where members and pension recipients can access secure personal account information online, and a new *Request a Session* page, where NHRS participating employers may request an on-site member education session.

The New Hampshire Retirement System provides retirement, disability, and death benefits to its eligible members and their beneficiaries. The State of New Hampshire and more than 450 local government employers participate in NHRS for their employees, teachers, firefighters, and police officers. NHRS has approximately 53,000 active members and 24,500 pension recipients. NHRS administers a defined benefit plan qualified as a tax-exempt entity under section 401(a) and 501(a) of the Internal Revenue Code.
