NHRS Employer Notification

In response to recent employer inquiries, please note that the Merrimack County Superior Court ruling issued this week regarding the July 1, 2011, increase to member contribution rates to the New Hampshire Retirement System has not yet reached its final disposition. Until that time, NHRS employers must continue to withhold and remit member contributions for all members at the current rates outlined in RSA 100-A.

The current rates are:

Group I (Employee and Teacher): 7%

Group II Police: 11.55%

Group II Fire: 11.8%

For reference, the case is “Professional Firefighters of New Hampshire, et al. vs. the State of New Hampshire and Linda M. Hodgdon in her Official Capacity as Commissioner of the Department of Administrative Services” (No. 217-2011-CV-385)
