NH Retirement System Offers Online Account Information
Personal Account Information for Members and Retirees Now Available 24/7

New Hampshire Retirement System (NHRS) members and retirees may now access their personal account information online. Through the new *My Account* page of the NHRS website, members and individuals in receipt of a pension may review secure, personal account information anytime, from any computer.

My Account is a gateway to conveniently access personal data such as account summaries and balances, beneficiary designations, and contact information. Members may also calculate an estimate of future retirement benefits using an online benefit estimator.

To create an account or access an existing account, members and pension recipients may visit the NHRS homepage at <http://www.nhrs.org/> and select *My Account*, or go directly to <https://www.nhrs.org/NHRSmemberservices/pgwebmember.exe>. Online documentation including “How to Create an Account” and “My Account User Guide” is available to assist members and pension recipients with accessing and navigating their online account information. These tools are available on the Members and Retirees Resources pages at <http://www.nhrs.org/Members/wms.aspx> and <http://www.nhrs.org/Retirees/WMS.aspx>, respectively.

The New Hampshire Retirement System (NHRS) administers a defined benefit plan qualified as a tax-exempt entity under section 401(a) and 501(a) of the Internal Revenue Code. NHRS provides retirement, disability, and death benefits to its eligible members and their beneficiaries. The State of New Hampshire and more than 450 local government employers participate in NHRS for their employees, teachers, firefighters, and police officers. NHRS currently has approximately 53,000 members and 24,500 pension recipients.
