Learning About Your Retirement Plan

What do these terms mean?

- **Membership**
 - **Active members contributing to NHRS and retirees and beneficiaries collecting a pension**
- **Group I**
 - **Employee and Teacher**
- **Group II**
 - **Police and Fire**
- **Service**
 - **Key component of pension formula**
 - **Active members earn service credit each month**
 - **Other service credit**

What do these terms mean?

- **Accumulated Contributions**
 - **Member contributions plus credited interest**
 - **Not employer contributions**
- **Vesting**
 - **Being vested means you have earned the right to a future pension benefit**
 - **There are two ways to be vested:**
 - **Complete 10 years of creditable service, or**
 - **Members working in an NHRS-covered position at or beyond age 60 become eligible for service retirement, regardless of years of creditable service**
 - **Group I members hired on/after 7/1/11 cannot receive benefit until age 65**

What is the retirement system?

- **NHRS is a public employee defined benefit plan providing retirement, disability, and death benefits to eligible members and their beneficiaries**
 - You and your employer each contribute toward your retirement nest egg
 - You can receive a lifetime pension at retirement, once eligibility requirements are met

I know NHRS has to do with retirement but what else is there to know?

- ▶ Benefits are not based on contributions or investment returns
- ▶ Benefits are based on statutory formulas:
 - Service (Creditable Service)
 - Salary (Average Final Compensation)
- ▶ Benefit eligibility and calculations are dependent on vested date or hire date:
 - **Tier A:** Members vested prior to 1/1/2012
 - **Tier B:** Members in service prior to 7/1/2011 but not vested prior to 1/1/2012
 - **Tier C:** Members hired on/after 7/1/2011

Who is responsible for running NHRS?

RSA 100-A

Administrative Rules

NHRS Board of Trustees

Internal Revenue Code

How much is contributed toward my retirement?

- **You contribute (Set by statute)**
 - **Employees (Group I): 7%**
 - **Teachers (Group I): 7%**
 - **Police (Group II): 11.55%**
 - **Fire (Group II): 11.8%**
 - **If you terminate employment you can opt to withdraw or roll over your contributions and interest**
- **Your employer also contributes (Determined every two years)**
 - **Employer contributions are never paid out as a lump sum withdrawal, they are used to fund pension payments**

Why do I have to contribute?

- **It's the law:**
 - **If you work for an NHRS-participating employer**
 - **If the position is full-time and permanent**

Enrollment begins when you start working

Do my contributions earn interest?

- **Yes, interest is set by statute at the beginning of each calendar year and applied to your accumulated contributions**
- **The current interest range is between 4.75% and zero, based on investment earnings in the prior fiscal year**
- **Regardless of economic conditions, you will never lose money on your member contributions**

Can I take a loan from my contributions while I am working?

No, loans are not allowed

Can I put extra monies into this pension plan?

New NHRS members cannot contribute extra money into their retirement account

Note: 'Additional Contributions' provision exists for members who signed up before this program was repealed in 2004

What types of retirement does NHRS offer?

- **Service**
- **Early Service**
- **Vested Deferred**
- **Disability**
 - **Non-job-related (Ordinary)**
 - **Job-related (Accidental)**
 - **Group II Violent Accidental Disability**

What happens if I die while I am still working?

- If a member dies while in service the member's designated beneficiary may be eligible to receive a death benefit
- Death benefits vary depending on whether the death was job-related or not

Regardless of whether or not your beneficiary is eligible for a death benefit, the beneficiary will receive a refund of your accumulated contributions

What happens if I have past employment with an NHRS-participating employer?

- **If you left your accumulated contributions with the retirement system**
 - Membership status changed to 'inactive member'
 - Years of service remain intact
 - Member will pick up where they left off
- **If you withdrew your accumulated contributions**
 - NHRS membership is terminated
 - Member is starting over with new date of hire
 - Previous service time may be purchased

And what if I leave public employment?

- **Leave your contributions with NHRS**
 - If you are vested and do not withdraw your funds, you can apply for a pension when you meet eligibility requirements
 - Even if you are not vested, leaving your contributions with NHRS preserves your years of service should you go to work for another NHRS-covered employer at a later date
 - Contributions may earn interest
- **Withdraw your contributions plus interest**
 - Pay taxes on the withdrawn funds
 - Terminates NHRS membership and forfeit right to lifetime pension
- **Roll over contributions and interest into another qualified plan**
 - No penalty, no tax consequences
 - Terminates NHRS membership and forfeit right to lifetime pension

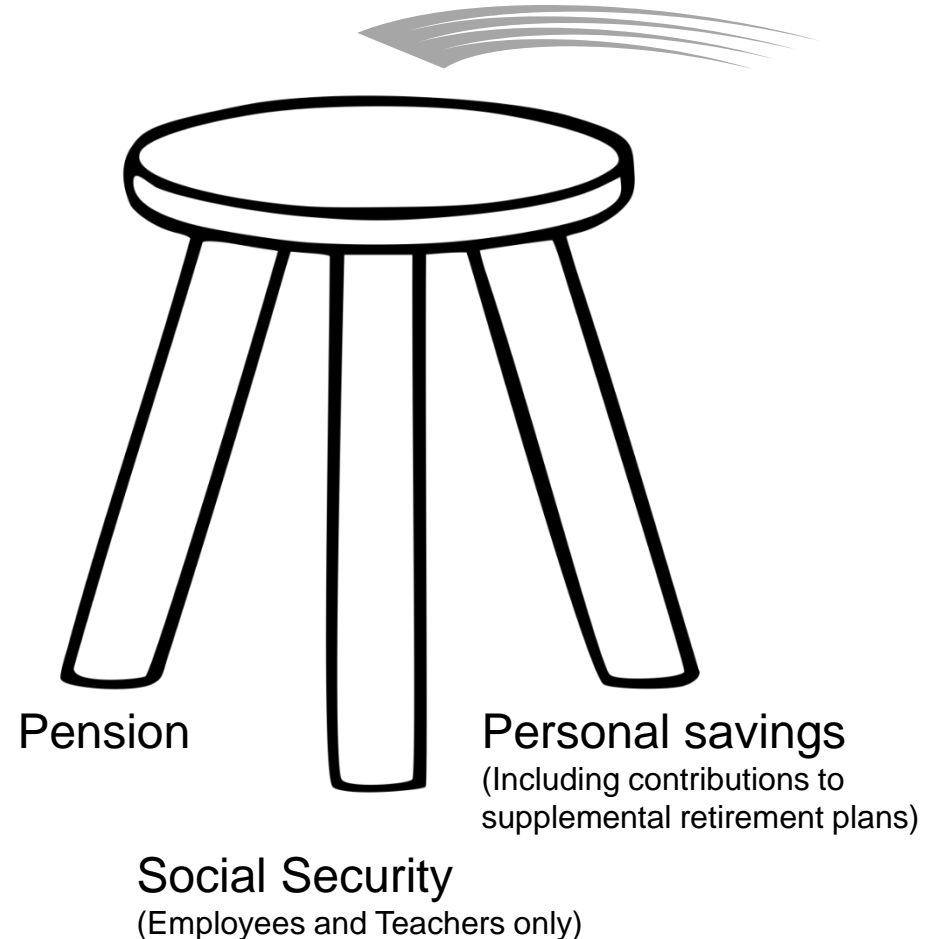

What if I leave my current employer for another NHRS employer?

- **Nothing changes if you go to another NHRS employer**
 - **You still make contributions**
 - **You continue to add to your service**
 - **If vested:**
 - **Remain eligible for a lifetime benefit at retirement**
 - **Death and disability benefits stay intact**

So...will my pension cover my retirement?

- NHRs benefits are not intended to be your sole source of income
 - Employees and teachers also participate in Social Security
 - All members should explore additional ways to save for retirement, including employer-sponsored supplemental plans

Can I rollover funds from another state or local retirement plan?

- **No, NHRS cannot accept rollovers from other retirement plans**
 - **If you leave your NHRS employment in the future, you may be able to roll your NHRS contributions into another plan**
 - **This varies from plan to plan**
